Dear BUP Delegates and Members:

As we continue to work with our colleagues to do what is best for our students, there are a number of campus-wide committee initiatives that you should be aware of. These committees include Instructional Council, Professional Development Committee, Technology Committee, Mini-Grant Committee, Wellness Committee, District Wide Health and Safety Team, APPR Committee, BOCES Wide Steering Committee, Teacher Center Policy Board (full, not accepting new members at this time), and Mentor Advisory Committee (full). Many of these committees are actively seeking new members from a wide range of BOCES departments. Please consider serving on a committee that interests you, and representing your department and your fellow professionals on these committees. Without input from rank-and-file teachers, these initiatives stand much less chance of being successful. Your administrator or the union officers can help you access these committees.

Thanks, as always, for all the things that you do, both big and small, for our students.

Sincerely,

Dave, Cindy, Nancy, Deidra, & Admiral
